We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our anti-slavery policy sets out the steps we take to ensure this is the case.

DUE DILIGENCE PROCESSES FOR SLAVERY AND HUMAN TRAFFICKING

As part of our initiative to identify and mitigate risk we ensure that where possible we take copies of and review the modern slavery statements of the suppliers and corporate customers we work with to satisfy ourselves that the risk of slavery is mitigated.

We are in the process of providing modern slavery questionnaires to our existing and new suppliers to:

- Identify and assess potential risk areas in our supply chains.
- Mitigate the risk of slavery and human trafficking occurring in our supply chains.
- Monitor potential risk areas in our supply chains.
- Protect whistle blowers.

All of our staff have been provided with this Modern Slavery Statement and our Anti-Slavery Policy and are required to review both documents and confirm their understanding.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes our slavery and human trafficking statement for the financial year ending 2026.
